About the Speaker

Dr. Jeffrey Allan, PhD

Dr. Jeffrey Allan is the Director of the Institute for Responsible Technology and Artificial Intelligence and Interim Chair of the School of Business and Leadership at Nazareth University, where he leads undergraduate and graduate programs focused on the application of artificial intelligence in business.

With a career spanning academia, global technology companies, and entrepreneurship, Dr. Allan has held leadership positions with IBM and SAP and founded two technology companies in Silicon Valley. He also spent 15 years working internationally throughout Asia, bringing a global perspective to the rapidly evolving technology landscape.

Today, Dr. Allan focuses on the practical application of AI to business strategy, productivity, and organizational decision-making. He is the author of *AI in Business For Dummies* and co-author of *Writing AI Prompts For Dummies*. A sought-after international speaker, Dr. Allan regularly shares his expertise on artificial intelligence, emerging technologies, responsible AI, and the future of business.

Thank you!
